No Service Disruptions Expected as Lloydminster Airport Rehabilitation Project Begins

Lloydminster AB/SK – On Monday, July 22, 2019, the City of Lloydminster, in conjunction with Integrated Airport Systems Ltd. and Central City Asphalt, will begin the Lloydminster Airport pavement overlay and crack repairs.

The airport rehabilitation project consists of minor and major crack repairs and runway, taxi and apron paving. The project will take place outside of regular hours of operation. All equipment shall be removed from the operational working zones no later than 9 a.m. MDT.

Airport operation during rehabilitation project:

- The airport will remain open and operational between 10 a.m. and 5 p.m. MDT.
- Unscheduled charter and general aviation services will be permitted during scheduled opening times only.

Transport Canada, Nav Canada, Civil Aviation Safety Operations and other branches deemed necessary have been notified and will remain updated throughout rehabilitation project. Residents are advised to follow marked detour routes and drive cautiously when passing construction crews.

The project is expected to be completed by mid August 2019, weather pending.
